Changes to your Medicare Carve Out NMMIP plan

Effective January 1, 2018, in order to receive prescription drug coverage you will need to enroll in a Part D prescription drug plan. You can enroll in a Part D plan on www.medicare.gov.

If you do not enroll in a Part D Prescription Drug Plan before open enrollment closes on December 7, 2017 you will not have Prescription Drug coverage on January 1, 2018.

You will need to pay the premium for your Part D plan, however, once you enroll in a Part D plan, NMMIP will cover all the copays for prescriptions covered under your Part D plan's formulary.

Please note that the dates for Medicare open enrollment will be October 15, 2017 through December 7, 2017.

More detailed information regarding these changes will be coming in November, so please watch your mail for further communication regarding your policy.

If you would like assistance with your coverage options you can contact the Executive Office, call Kristina at 1-866-622-4711.
