Important Questions	Answers	Why This Matters:
What is the overall deductible ?	Per calendar year: Participating Providers \$2,000/individual.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay.
Are there services covered before you meet your deductible ?	Yes. Network copayments , network preventive care , non-intensive mental health & substance abuse outpatient treatments, and prescription drugs are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No. There are no other specific deductibles .	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Per calendar year: Participating Providers \$6,000/individual.	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit ?	Premiums , balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a participating provider ?	Yes. Physician & Ancillary Provider Network: PHCS. Call (866) 930-7427 www.phcs.com . For facilities: Zelis Provider Network. Call (844) 728-7896/ TTY (844) 728-7897 www.nmmip.org	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use a non-participating provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your participating provider might use a non-participating provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No. You don't need a referral to see a specialist .	You can see the specialist you choose without a referral .
