

Low Income Premium Program 2026 Application Non-Medicare

The Low Income Premium Program (LIPP) is designed to help persons who qualify for New Mexico Medical Insurance Pool (NMMIP) coverage by offering a reduced premium. Income does not determine NMMIP eligibility. If you meet the LIPP eligibility requirements, you must complete and submit this form with a NMMIP Application for Coverage. **If your premium is paid by a third party who is not a family member, you are not eligible for LIPP.** For assistance, contact us at 1-866-306-1882 or email NMMIP_Eligibility@90degreebenefits.com.

Please select one of the following:

- ☐ First time applying for LIPP
- ☐ Required Annual LIPP Recertification (Members who FIRST apply for LIPP between October 1 to December 1 do NOT need to recertify until the following fall.)

To find out if you meet eligibility requirements for LIPP, find your household size and the corresponding yearly income amount in the table below.

Household Size & Income Verification

To determine if you qualify for a reduced premium, provide information about your household size and last year's total combined income for all persons over age 18 in your household. Even if only one person is enrolled for NMMIP coverage, you must still provide information about the entire household, since the premium reduction eligibility is based on total household size and income.

List all the people in your household. Attach additional sheets, if needed.

For the verification process, NMMIP uses the Modified Adjusted Gross Income (MAGI) method to determine your eligibility for LIPP. MAGI is adjusted gross income (AGI) plus excluded foreign income, non-taxable Social Security benefits, and tax-exempt interest.

Complete the table below including yourself and these members of your household:

- Include your spouse if you're legally married
- If you plan to claim someone as a tax dependent for the year you want NMMIP coverage, include them on your application. (If you won't claim that person as a tax dependent, do not include them.)
- Include your spouse and tax dependents even if they do not need health coverage
